

System "Fixing"

For the ergonomic laying of vinyl design flooring (LVT)

Brief description:

The adhesive is conveniently applied with a roller. The flooring can be easily removed again later. This makes this installation system perfect if the focus is on ergonomic design flooring installation. This system is also a reliable choice when time is a factor or under loose-lay or click vinyl design flooring.

System benefits:

- Ergonomic application by roller
- High performance and low consumption
- Individual flooring elements can be easily replaced
